UI/UX & Product Designer with 2+ years of hands-on experience designing intuitive, practical web and mobile applications, including SaaS dashboard and complex workflow systems.

Experience

EasyGop JSC (Medscore) | Regional Product Designer

MAR 2025 – PRESENT | Ho Chi Minh City, Vietnam

- Designed end-to-end user interfaces, user flows, and responsive layouts for complex web and mobile healthtech & fintech applications across desktop, tablet, and mobile viewports.
- Created and maintained reusable UI components, variants, and design tokens within Figma libraries following established design guidelines.
- Partnered directly with engineers and product stakeholders from requirements gathering to implementation, ensuring accurate hand-offs and reviewing built features for UI/UX polish.
- Accounted for various user scenarios and system states, including loading, empty states, form validation, and error handling.

Coco AI (trustcoco.ai) | Product Designer

AUG 2026 – PRESENT | Melbourne, Australia (Remote)

- Designed interactive UI components, dynamic widgets, and multi-state data control panels in Figma for AI-driven enterprise applications.
- Built clean, structured, and developer-friendly component libraries with Auto Layout to streamline cross-functional collaboration and hand-off.

DynaTax AI | Product Designer

JUN 2026 – JUL 2026 | Texas, United States (Remote)

- Designed core user journeys and configuration interfaces (System Settings, Community Features) for a complex tax-tech web application, focusing on high usability and data clarity.

Education

University of Economics Ho Chi Minh City (UEH)

AUG 2019 – JUN 2023

Certificates

Google UX Design Professional Certificate

SEP 2024 - MAR 2025

Professional certificate for UX design

Front-End Web Development Certificate

AUG 2025 - Jan 2026

Hands-on training in HTML5, CSS3, JavaScript (ES6+)

Mirr Design UX Bootcamp

SEP 2024 - JAN 2025

Intensive project-based bootcamp for product design

Skills

UX Craft: User Flows, Information Architecture, Wireframing, Interactive Prototyping, Responsive Design, Edge States Handling (Loading, Error, Empty, Validation).

UI & Design Systems: Advanced Figma (Components, Auto Layout, Variables, UI Kits), Visual Hierarchy, Layout Structure, Typography, Spacing.

Technical Collaboration: Frontend understanding (HTML, CSS, ES6), working directly with engineers, design-to-development hand-off, QA/UI reviewing.

Languages

English (Professional Working Proficiency / Fluent Communication), Vietnamese (Native).
